

Friday 7th June 2024

Dear Parent / Carer,

In English, we have been sequencing and retelling the story of Lost and Found by Oliver Jeffers. If you have any other books by Oliver Jeffers, please send them in as we are really enjoying his stories.

In Maths, we have been exploring weight and mass using balance scales. Using the balance scales, the children were able to compare heavier and lighter classroom items.

This week we have begun our new Design and Technology topic: Puppets.

On Thursday we explored different methods of joining fabric. Next week, we will design and make a character-based hand puppet using a preferred joining technique.

Next week, all pupils in Year 1 will be taking part in the Phonics Screening Check. It is a short, statutory assessment to ensure that children are making sufficient progress in the phonics skills to read words and are on track to become fluent readers who can enjoy reading for pleasure and for learning. By the end of the summer term each child's results will be reported to their parents/carers. The results will confirm if the child has met the standard threshold. Children who do not achieve the expected level will retake the test when they are in Year 2.

Thank you,

Miss Hepworth and Miss Nicholson
