Year 2 Newsletter 8

Friday 6th November

Dear Parent/Carers,

Welcome back after our half term break! Well done to Year 2 for a fantastic return to school and for all the hard work they have completed this week. We were super impressed with the number of children who logged on to Numbots or TT Rockstars over the half term!

Our spellings for Thursday's quiz are:

SPELLING **Spellings: 5.11.26** **Test: 12.11.26** SPELLING

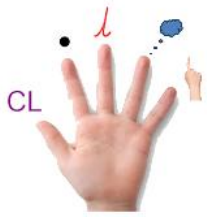

This week's focus: Doubling letters to protect the short vowel sounds in one-syllable words.

buzz	sniff	cross	ladder	bitter
supper	shimmer			

Rule breakers:

his	has	of	if

In English this week, we have introduced our new unit based on information text. We are reading a text called 'All About Witches' and have started to look at features of an information text. The pupils have created their own witch and decided on its appearance, habitat and behaviour. We are excited to write about these in more detail next week.

In our Maths lessons this week, we have consolidated our understanding of adding 10 to a 2-digit number and even started to add multiples of 10 e.g. 57 + 30 = 87. We have also introduced children to the column method, which is a new method that will help them a lot with addition and subtraction throughout school. First, we used sticks and bricks before just writing it in numbers. The children have done a fabulous job!

1. Number sentence
2. Write the first number
3. Write the second number
4. Symbol
5. Add the ones
6. Add the tens

NS: 33 + 10 = 43

	Tens	Ones
	3	3
+	1	0
	4	3

Reading Reminder
If your child has now moved on to the school reading system, a grown-up needs to sign their child's reading diary to show they've finished the book before the teacher gives them a new book. We expect children to be changing their book 2-3 times a week.

Thank you for your support,
Miss Parker and Mrs Keane
