

	<b>Year 1</b>	<b>Year 2</b>	<b>Year 3</b>	<b>Year 4</b>	<b>Year 5</b>	<b>Year 6</b>
<b>Money</b>	Recognise and know the value of different denominations of coins and notes.	Recognise and use symbols of pounds (£) and pence (p); combine amounts to make a particular value.	add and subtract amounts of money to give change, using both £ and p in practical contexts	Solve simple measure and money problems involving fractions and decimals to two decimal places.	understand and use approximate equivalences between metric units and common imperial units such as inches, pounds and pints	
	Solve one step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems.	Find different combinations of coins that equal the same amounts of money.		Estimate, compare and calculate different measures, including money in pounds and pence.	use all four operations to solve problems involving measure [for example, length, mass, volume, money] using decimal notation, including scaling.	
		Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change.
